Supplier Self-Assessment and Evaluation

The supplier self-assessment serves the purpose of providing information about new companies. On this basis, we are carrying out an evaluation procedure that has been administered to all suppliers of our company. If needed, certain procedures can be reviewed by us on site through additional surveys or audits. Your information will be treated with confidentiality and serves only internal purposes. Please fill out the following pages and send/fax the filled-out forms together with any additional documents to:
